

**“DESSA” project aims to develop an apprenticeship scheme for the acquisition of soft skills by students in upper secondary and higher vocational education and training with the help of a natural mentor.**

**“DESSA” TARGET GROUPS:**

- VET trainers;
- companies involved in apprenticeship programs;
- students enrolled in upper secondary and higher VET schools and centers - (final beneficiaries).

**EXPECTING IMPACT in local/ regional/ national/ European levels:**

- soft skills development and improvement;
- work-based learning;
- increasing adaptation at workplace;
- increasing the employability perspectives;
- promotion of apprenticeship.

**“DESSA” PLANNING RESULTS:**
